MCA

Peggy and Dean spent October 6-8 at Heartland MotorSports Park for the MCA show. They had been told that this would be the last event there due to no interest but a number of groups have booked events at this facility so it will remain open. JP Weber, member of the Capital City Car Club was given a Lifetime Achievement Award. He became an MCA member in 2003 and has been on the MCA board for 13 years. They will be headed to Birmingham, AL on October 19, for the national and regional directors meeting. The 60th anniversary of the Mustang will be April 5-7, in Birmingham, AL. The show was capped at 250 for judging but has since been decided to have 400 judged entries.

ENWICC

Everything is a go for the 2024 Swap Meet to be held March 3 at the Lancaster Event Center. Contract has been signed with a 6% increase over 2023. As of the present time, no venue is scheduled for the 2025 Swap Meet. Curt is looking for 12 volunteers from 5-11am, for traffic and parking collection. Curt will be the Vendor Collection Manager which will give the club 5.5 shares. ENWICC will once again have a car club book. Sign up sheet in January for those club members interested.

Nominations For Officers

President, Treasurer and Secretary positions are open for nominations. All of the officers in these positions have agreed to continue on the board if no one is nominated. The Vice-President role held by Brett Walters, still has 1 year left of a 2 year term. Curt Wagner made a motion to close nominations, Brian Wiese 2nd. Club voted to close nominations and received a vote of confidence. All officers will retain their positions for another year.
